### 1/21-25 POWDER HIGHWAY

This loop is called the Powder Highway but some of the local alpine skiers call this instead “the road to awesome”. Most are only familiar with the chain of a dozen downhill ski areas on the west side of the Canadian Rockies. Much fewer are aware of their extensive beautiful cross country ski opportunities, and that this area is perhaps the highest concentration of ski options in the world (alpine, At, Nordic, cat, heli, etc.). Silver Star and the Sovereign Lakes Nordic Center are perhaps the most well known parts of this mountain loop, but this years trip will also include the Revelstoke and Golden BC nordic centers. The tour ski resources are so extensive in this region that this will have to be a sequel of trips over the next few years. However eastern British Columbia has embraced the sport of cross country skiing in a big way and many of the alpine resorts have developed beautiful Nordic ski trail systems worthy of the resorts they accompany. Recall the development at Whistler which used to have a wimpy 15 kl. Nordic system in the village which often didn’t have enough snow to ski.

Now it sports four separate trail networks each worthy in its own write. The power highway has taken on this multifaceted winter sports role in a big way. This years trip has 100+km of trails at Silver Star with 6 km. of lit trails, Revelstoke has 26 km. groomed and the Golden area has 33 km. All of these resorts have uniquely different characters and classic dry BC powder. So pack your bags for a road trip through eastern BC with us. Provided: airfare, lodging, rental cars. Dates 1/21-1/25 Cost \$1,182
