2/25-27 ALPINE LAKES HIGH CAMP:

There are some new owners up in the high country of Eastern Washington. Justin and Austin Donohue have taken over the operation from Chris Hanson just this year, we will miss Don and Chris and their huge contribution connecting people and the outdoors. It's time to check out the new program so come with us to the Chiwaukum Mountains high country west of Leavenworth, where after skiing past vistas of 7,000' and 8,000' peaks, at the end of the day we can relax in the lodge or wood fired hot tub, then it's off to enjoy a soft warm bed in one of the wood heated cabins neatly tucked away in the woods near McCue Ridge. More than 25 mi. of marked trails traverse the basin here, but the real attraction is higher yet. Just above the lake basin is an alpine ridge. At 6,500 feet it is devoid of all but a few clusters of subalpine larches. The contours on the ridge are broad and gentle, an unusual profile for a high altitude location. Measuring several miles long and perhaps a mile wide and sloping east, the area provides five star picturesque touring and telemarking. This trip works well for alpine touring/tele, moderately skilled tour skiers, and snowshoers of all ability levels. Snowmobile transit is provided for everyone on the way in and out. The area is also the gateway to one of the best one day Alpine Touring ski traverses in the North Cascades Mountains. These cabins book up early, so if you are interested please let me know as soon as possible. Provided: transit, lodging, meals. Dates 2/25-27 Cost \$535
